No. 2105.

Nothing is prettier and at the same time inexpensive as an Embroidered Shirtwaist. A gift always appreciated not only for the gift itself but the personal interest taken in the same by the giver. The above embroidered waists embody the prettiest and latest ideas of the season. Either may be worked in Eyelet or French embroidery. In 2100 the insertion may be omitted without detracting from its effect. Collar and cuff designs given with all patterns.

See page 20 for prices of our Stamped Shirtwaists.

NOTICE.

We wish to call your attention to the fact that the size of the Centerpiece given is the actual size of Centerpiece **when completed**. Many houses give the size of linen on which the design is stamped which causes much confusion, and apt to deceive the buyer. We allow full inch margin, and all are stamped on square pieces, allowing ample material for it to be worked comfortably and **using only pure Irish Linen.**

HANDSOME WHEAT AND BUTTERFLY CENTERPIECES.

Wheat and Butterfly designs will be the popular ideas this coming season, whether in colored or all white work. A pretty and effective medium when embroidering. Wheat Centerpieces are a combination of French embroidery and Coronation cord. With the leaves worked in solid and stems in outline stitch, a very pretty and striking effect may be had in working the wheat itself with Coronation cord. Apart from this it is also very simple, and a field in which the merest tyro may safely venture. The following Centerpieces, whether in Wheat alone, or combined with Daisies or Butterflies, are equally effective on White or Ecu Linen.

COLORED SILK EMBROIDERY.

That colored embroidery (whether stamped on Ecrú or White Linen), will be as popular as the last three seasons, there seems to be no doubt, in fact its vogue seems to have increased with this summer's ending, and many a handsome gift this holiday season will be a dainty embroidered centerpiece or pillow. To the novice in this style of work we would say a word to the effect, that with the Color Cards now issued by all well-known and reliable wash-silk houses, the choosing of the proper shades is very simple. We deal in Brainerd & Armstrong Embroidery Silks, all shades and varieties, and also Glossilla, a new substitute for silk, but very reliable, and with a brilliant lustre.

CORONATION OR OUTLINE CENTERPIECES.

For rapidity of work, and absolutely no experience needed, this is the ideal medium to embroider with. For a Centerpiece about 20 inches large we advise No. 10 Mercerized Coronation Cord, unless the design is very intricate, then use No. 5. Many a pretty gift has been made by the younger children, of this simple work. If they cannot grasp the simple invisible catch-stitch, casting the sewing cotton over the small part of the cord will answer as well. The following designs will allow ample play for selection:

SIMPLE EYELET OR MADEIRA CENTERPIECES.

Owing to the demand for designs that are not only simple but also artistic, to be used for lunch sets, etc., we have issued these Centerpieces, and also the tray mats to match, as shown on next page. Owing to the lack of space, we have only shown five tray designs, but we carry the others in stock. These trays are carried in sizes 16x25 in., 10x16 in., and 8x12 inches. The Centerpieces run in our regular sizes. Why not enhance the appearance of your table with one of these sets.

NOTICE.

Perforated Patterns have that advantage over transfer patterns that they can be used over and over again. A transfer pattern is useless if once used, or a mistake has been made. Parts of a design may be used. There is seldom a design which cannot be used for various purposes. Read the following simple directions:

DIRECTIONS FOR STAMPING.

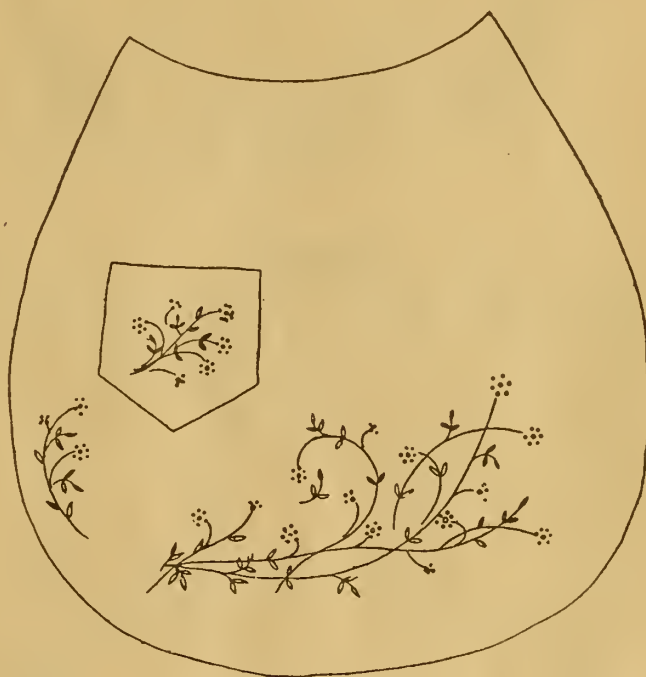

Pour a little kerosene oil in a dish, roll a piece of Felt or Flannel, dip into the oil and rub it well over tablet of Stamping Material, then stamp. Be sure and have your Perforated Pattern smooth side up and securely weighted, that it will not shift on the material which you are stamping.

Large Cakes of Stamping Paste in three Colors, Blue, Black or White, 10 cents a cake.

These Aprons and those shown on next page may be had stamped on Good Lawn, 30 cts.; on Extra Fine Lawn, 42 cts.; or on Best French Nainsook, 40 cts. No. 2135 costs 5 cts. additional. Tie ends given with all Aprons. Perforated Patterns, 25 cts. In ordering 2138 on stamped goods the upper part of design may be omitted.

THE "IDEAL" BRASSIERE.

Price 44 cts.; 49 cts., trimmed as shown in picture; 64 cts. and 69 cts. This last price has ribbon trimming.

It gives us great pleasure to announce that we are now able to supply our patrons with this celebrated Brassiere at prices that take from an article of luxury to one of necessity. Made from the best wearing material, firmly boned, and tastefully decorated with insertion and edging, it embodies all the best features of this ever increasing popular garment.

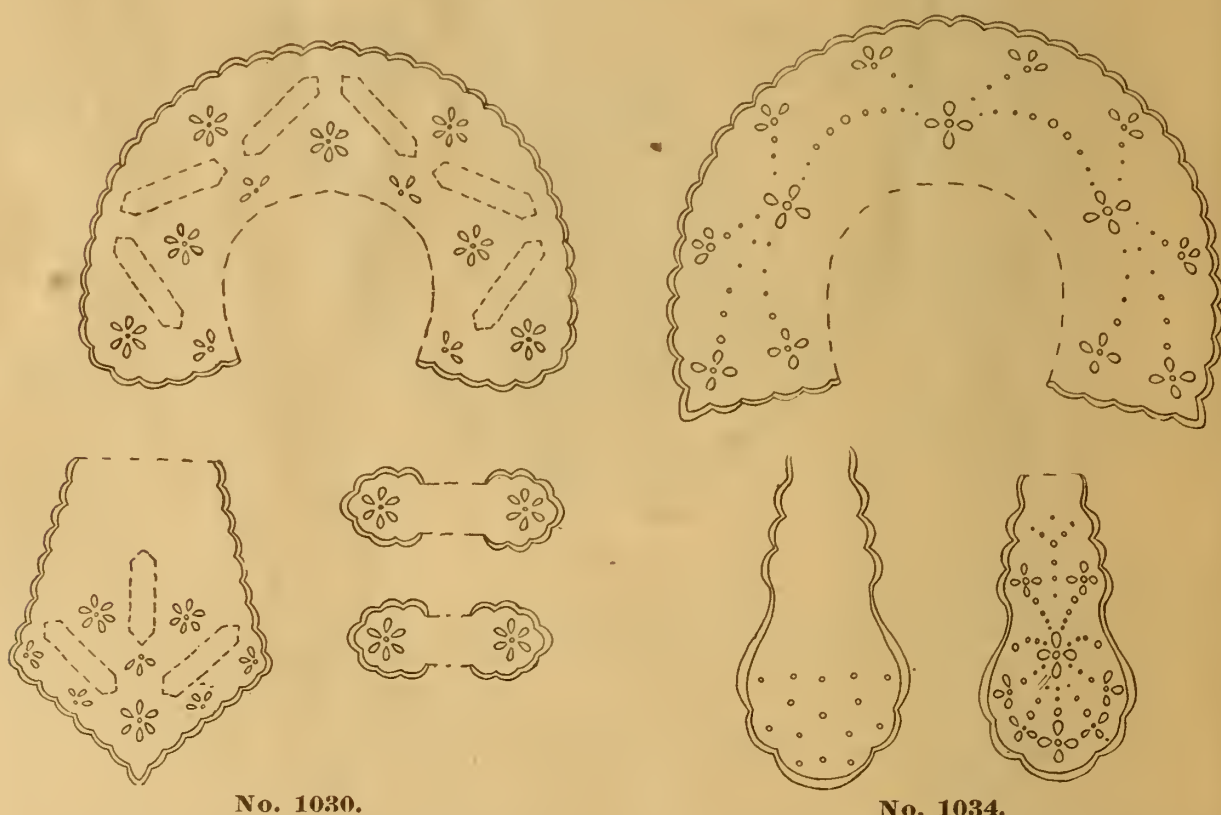

The ease, comfort and quick adjustment (simply slip ends around back and tie in front, no hooking or lacing) of this Brassiere have caused many of our customers to almost dispense with corsets. Whether for ease of movement in the day's housework, or to give that graceful firm outline to the bust when wearing one's best, they are indispensable. Stout persons will find them a particular boon.

The large quantity we have bought has enabled us to quote these exceptionally low figures. Try one. Satisfaction guaranteed. In all sizes, and four styles of trimming.

Embroidery Instructions.

WALLACHIAN EMBROIDERY.—In simplicity and effectiveness this Embroidery stands supreme. The illustration at a glance shows that it is merely the commonplace Buttonhole Stitch adapted to a new use, and yet its boldness and richness of design and rapidity with which it may be worked, has won for it countless friends. With cotton of heavy lustre and using a coarse needle and our illustrations (No. 1 and 2) to give you the slant of the stitch we feel certain you will be successful in making many an appreciative gift or personal adornment of Wallachian Embroidery.

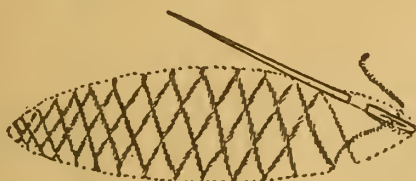

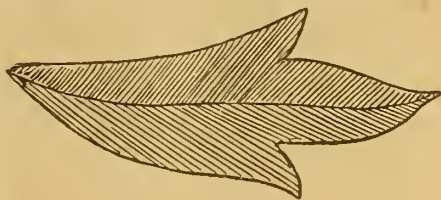

We advise the Cable Stitch (No. 4) for stems, etc., as being more in harmony, particularly if you have raised your work by padding (No. 3) which increases its effectiveness. Whether for a Table Decoration or for a Shirtwaist we feel certain you will admire this Embroidery, which for many years has been known and worked by the peasants of Wallachia, Roumania.

**Working Detail
for
Eyelet Stitch**

EYELET EMBROIDERY.—With a soft sewing cotton run around on the line of leaves, petals or large holes. Make slits in leaves or petals with sharp-pointed scissors as shown in illustration, now roll the cloth back underneath, and work in Over and Over Stitch. Be careful to bring needle out exactly on stamped line or your work will be larger than the design. This beginners are apt to do. Make all stitches even and of the same length. For small round holes, pierce with a stiletto, instead of slitting and work same as petals and leaves. Eyelet Embroidery is one of the daintiest and one of the most simple, and for all White work is unsurpassed.

SATIN STITCH.—Bring the needle from underneath at one side of design, or if working leaves from center, and carry straight across or slanting to suit design. All stitches must be the same slant and even.

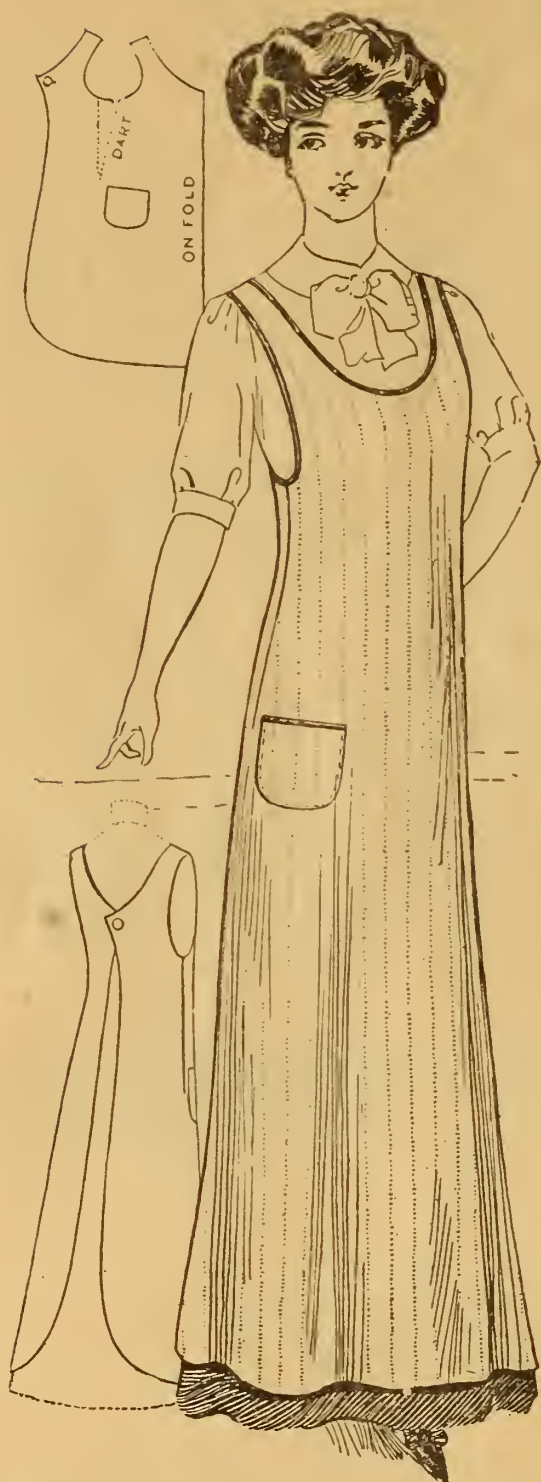

Wrong Side

Right Side

SHADOW EMBROIDERY.—Deserving all the popularity which it has attained, this simple Embroidery will long remain dear to those that admire dainty needlework. Sheer fabrics must be used, such as Batiste, Swiss Organdie, Lawn, etc. Stamp the material on the wrong side, take a very small stitch on one edge of the design, cross to other edge on a Slant as shown in illustration, and when top of design has been reached, work back again in opposite slant. The cross stitch may be made straight across, either way is effective. The stems are worked in Outline Stitch on right side to give contrasting appearance.
